GENERAL AND REVENUE SECRETARIAT.

Serial Nos. 64 + 67

Part B. for April 1909

SUBJECT.

Additional funds for works of public utility in the Mysore Dt.

No. 64 From the Rev Commr. D. 1589 dt 5-3-09.

Recommends a special grant of Rs 10000 to the Mysore Dt for the Construction of drinking water wells, sanitary improvements & other works of immediate necessity.

No. 67 To — do — by Commr of Dts & Comptroller D. 211 : 8/67-5 dt 13-4-09

Observes that the Place of Archaeological interest & beauty, that there already is for the construction of drinking, sanitary improvements & other useful works, is no reason apparent to restrict expenditure

therefrom to sinking wells alone, that
no allotments can be made from the Sd funds
without a Resolution of the Board in that
behalf & that Court will be informed thereby
add[itiona]l grants in the necessity thereof being explained
in full detail of works & plans where the
expenditure is deemed to be incurred.

If there is scarcity for working even in unprotected tracts, Govt. are bound to provide for it, if the ordinary funds are not available from Dt. funds. In B'r IV for proper opinion as to the financial condition of the Mysore Dt Board & whether any further help may be made from Local funds if any.

9/3/07

Dft No. 199-08

Branch IV.

10/3/07

The financial condition of the District Board of Mysore for the current year is as follows:—

Opening balance for 1908-09 —	102,473
Estimated Receipts —	173,650
	276,123
Deduct Expenditure —	1,88,841
Balance —	87,282
Deducting the required amount for incomplete works viz	27,876
the balance will be —	59,406

Which exceeds the prescribed minimum by Rs. 37,700.

Taking into consideration this large balance a heavy expenditure much more than the anticipated receipts has been provided in the budget for the ensuing year viz 1909-10 and the closing balance falls short of the prescribed minimum. So that no money can be made available from District Funds

O.B. — 59,406
Receipts — 145,530
204,936
Deduct Expr. 192,471
Balance 12,465
falls short of the ... by nearly 500/-

NOTE—Contn. sheet.

GPB—50.000—18-5-08

The financial condition of the General Fund.

Opening balance for 1908-09. — 1,26,618.
Estimated Receipts — 190060
3,16,678
Deduct Expenditure — 226168
Probable Balance — R, 90,510.

2,20,168 + 6000.

K.P.J.
23/3/09.

The Local Funds General has already contributed a large sum for the purpose of relieving distress. The L.F.G. budget for 1909-10 has not yet been prepared and it is not known what demands there will be on it and what will be its condition after such of them as are necessary are provided for. In these circumstances, it seems that if any special grant to the Mysore District is considered necessary, the amount should come out of Provincial Funds.

GPB—50,000—18-5-08

Serial No.

The Question here is about sanctioning a sum of Rs. 10,000 to the Mysore District from the L.F.Q. or the Provincial funds under the following circumstances:—

The Rev. Commr. issued a circular that the funds sanctioned for wells of more or less public utility should be utilized exclusively for drinking water wells. The D.C. of Mysore thereupon represented that he had already sanctioned certain wells of Sanitary Improvement which were urgently needed for affording employment and for which funds were required. He also stated that the sum of Rs. 12,000 allotted to his district was not enough. He accordingly applied for Rs. 6,000 for Sanitary improvement and Rs. 4000 for wells. The Rev. Commr. submits the Matter to Govt for orders.

The financial aspect of the case has been dealt with above and the opinion seems to be that the expenditure has to be met either out of the funds already sanctioned by Govt for Wells of general utility [of which a sum of Rs. 62.15- is still available with the Rev. Commr.] or that the District Board should undertake the Wells,

But it is not clear on what authority it was directed that

Note—Contn. sheet.

GPS—50,000—18-5-08

Serial No.

that the funds were to be utilised for only drinking water wells. The grant is for drinking water wells, sanitary improvements and similar works of public utility. Though no doubt the bulk of the expenditure is likely to be on wells, that is no reason for prohibiting other useful works.

The Rev. Comm^r. may be told that if the walls are really required he might sanction the funds at his disposal [Rs 62/5], and that after consulting the requirements of all the districts in his direction, he may apply for fresh funds if necessary.

Subo for orders.

Office of the Revenue Commissioner in Mysore,

Dated Bangalore, 15th March 1909.

From

Rajakaryapravina

A. Rangaswami Iyengar Esquire, B.A.,B.L.,

Revenue Commissioner in Mysore.

To

The Secretary to the Government of H.H. the Maharaja of Mysore, Geneeal and Revenue Departments.

Sir,

I have the honour to state that the Deputy Commissioners of the Mysore District applied to me in his letter No.704 dated 26th Febraary 1909 (copy enclosed) for an allotment of Rs 6,000 for sanitary and other works of public utility for providing labour to people in certain villages in the affected Taluks. As the works referred to by the Deputy Commissioner did not come within the scope of Government Proceedings No.R.5971-80/Agri.69-08-42 dated 10 th February 1909, the Deputy Commissioner was informed that he might class the works among ordinary village works. The Deputy Commissioner accordingly requests that a sum of Rs 6,000 may be allotted from Local Funds General as the Sanitary works are required to be started during the present season of distress.

2. The Deputy Commissioner also requests that a grant of Rs 4,000 may be allotted to his District for sinking drinking water wells in unaffected tracts as much scarcity is felt for drinking water in those parts. The Deputy Commissioner further states that the District Board is unable to meet this charge as well as that required for sanitary w orks and that there is also no scope for reappropriation being effected from the sanctioned items in the District Fund budget. In the circumstances stated, I beg that a sum of Rs 10,000 may be kindly sanctioned to the Mysore District as a special grant either from Local Funds General or Provincial Funds to meet the expenditure proposed by the Deputy Commissioner.

I have the honour to be,
Sir,
your most obedient servant,
[signature]
for Revenue Commissioner

2

Letter No.704 dated 26th February 1909 from the Deputy Commissioner, Mysore District, to the Revenue Commissioner in Mysore.

-----000-----

With reference to your official memorandums nos. D.24-31 and D.89-90 dated 6th November 1908 and 5th December 1908 respectively sanctioning an allotment of Rs 12,000 for drinking water wells to this District and subsequent No.565-72 dated 25th January 1909 stating that the amounts allotted should be utilized for drinking water wells only, I have the honour to state that works amounting to nearly Rs 7,000 have been already sanctioned and that a large number of applications for the same is being received almost every day. As far as possible only temporary wells are being sanctioned at a small cost and the whole of this allotment will be required for this purpose.

During my recent tour in the affected taluks I observed that villagers can best be given relief nearer home by providing suitable labour in the shape of earthwork by filling trenches and by taking up other sanitary works of public utility. I have accordingly directed the Amildars to submit estimates for execution of such works in the marginally noted places, as they will considerably improve the sanitary condition of these important villages.

Bellur in the Nagamangala Taluk.
Kikkeri in Krishnarajpet Taluk.
Basral and Keragodu in Mandya Taluk.

The estimates now received come up to nearly Rs 5,400 but they require revision before being sanctioned.

I request therefore that you may be pleased to place as early as possible a sum of Rs 6,000 at my disposal for carrying out the above works.

I may add that the filling in of the trenches at Bellur was inspected by the Dewan when he visited Nelligere on the 20th instant and the work was approved by him.

President of the Municipalities in the Mysore to decide as to whether the scheme of water supply to Saligram may appear to wait for some time longer. It is a question for consideration, as to whether the remaining 37000 Rs may not also be made available by sanctioning an additional grant from the L. G. General, whose financial condition is sound. In the case of prosperous Local Boards such as Mysore, the entire cost required therein for well works may very well be met from the funds leaving the L. G. General to go to the rescue of impecunious Local Boards like Kadur.

The question of making funds available for expenditure on well works in the Districts by the respective Local Boards by re-appropriation of sanctioned grants or by additional grants is one for consideration of the

There is a magfied allotment- of Rs 60000 for opening out the last 9 miles of Perijur- Kondrakal - Chan. - rayapyar road, & the Conservator of Forests is urging that it should be undertaken at once, as the road is of great importance to the Forest dept. He has also agreed to contribute a sum of Rs 6000. towards its maintenance. However, there no objection to this grant- being resumed -

The improvement of the approaches for the water- supply to Tuticorin has already been started & is now in progress, as the difficulty of acquiring certain lands in this connection has since been overcome.

Under the orders of the Diwan, it is proposed to postpone further work on the improvements to the Periyakulam- Vadakara Lemba Subramanya road, and the Supdg. Engineer, western circle, has been asked to report at once the amount- that has already been spent- out- of the allotment of Rs 30,000 provided for it in the current- year's Budget. It is probable that a sum of Rs. 25,000 can be resumed, but- further particulars are awaited from the Supdg. Engr., and the actual balance remaining unspent- will be intimated in due course.
